Designs and regulations

All horses that reside in Queensland are required to display colours which are registered with Racing Queensland. All designs \ patterns are subject to approval by Racing Queensland.

Up To three colours only may be used in a set of racing colours.

The use of numerals, initials, letters, words, offensive motifs and the use of commercial property (registered logos, trademarks) are not permitted.

Colours disallowed in Queensland but subsequently registered in another state for a Queensland trained and raced horse will not be permitted to be used in Queensland.

Registered brands, personal or business logos may be considered on an individual basis.

Colours must be identical when viewed from back and front.

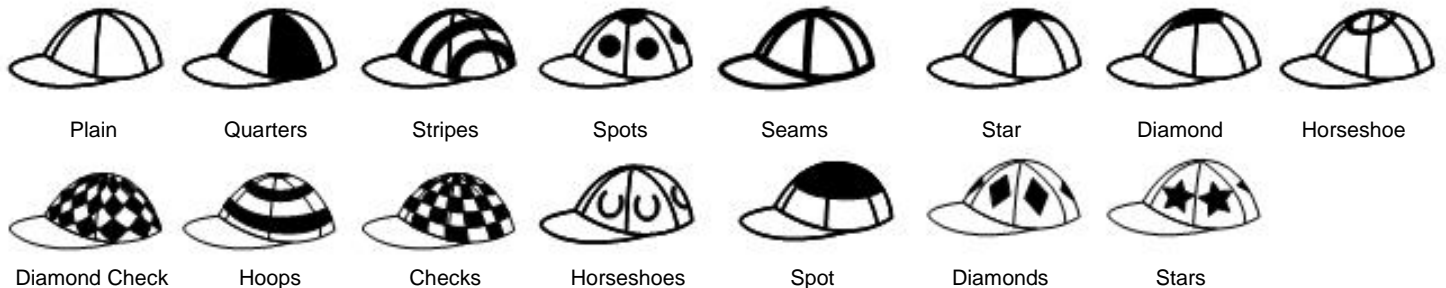

Racing colours may be registered by up to six nominators, each of whom shall have equal rights to the use of the racing colours provided that they all have unequivocal agreement to these rights.
